ABOUT GENTING

Genting elevator Inc., located in Xi'an, China, is a professional foreign trade enterprise specializing in the sales and integrated services of elevator and escalator parts. With more than 15 years of deep experience in the industry, we have built a solid reputation and established a strong position in the global market.

Our core products include elevator modernization, elevator steel wire ropes, elevator steel belts, escalator handrails, escalator step chains, as well as components for major global brands such as Otis, Kone, Mitsubishi, Thyssenkrupp, Monarch and others.

We adhere to standardized product selection and work directly with original factories, continuously optimizing our supply chain with refined management and fast response. We provide overseas customers with stable, efficient and cost-effective elevator parts supply and supporting solutions, helping them reduce costs, improve efficiency and gain a competitive edge in the market.

To ensure efficient and accurate global service, we have built a professional multilingual sales team covering English, Russian and Spanish, enabling seamless communication with partners in all regions.

We strive to prevent after-sales issues and provide full order tracking. In case of after-sales happens, we offer prompt response, efficient return and exchange, and professional technical support, comprehensively solving customers' pain points in supply, after-sales service and technology, and building long-term and stable cooperative relationships.
